The property is set at the end of a small cul de sac, in a recently built development of exclusive family homes, overlooking Bath with incredible 180 degree views. The reception hall immediately shows the light and volume of the accommodation, having a floor to ceiling glazed wall overlooking and opening into the garden. One side of the hall has an office/family room and beyond leads through a dining room and down steps into a superb living room – both rooms opening into and overlooking the garden. The other side of the hall leads past a cloakroom and into the kitchen/breakfast room with a dual aspect and bi-fold doors opening onto the garden and patio. The kitchen has a central island with breakfast bar and fitted wall and base mounted cabinets with integrated appliances to include induction hobs, double oven and microwave, double fridge/freezer and double sink with an additional boiling water tap. A door from the kitchen leads through the utility room to the double garage with an electric double door to the drive at the side of the house.

The staircase leads from the reception hall to the open first floor landing. At one end of the house is the main bedroom with central wall leading around to fitted wardrobes and dressing room. It has a huge en suite with a limestone tiled bath, a walk-in shower and double sink unit.

A STUNNING DETACHED CONTEMPORARY FAMILY HOME WITH INCREDIBLE ELEVATED VIEWS ACROSS BATH IN A CUL DE SAC IN THE SOUGHT AFTER AREA OF LANSDOWN, CLOSE TO SOME OF THE BEST SCHOOLS IN THE CITY.

Double doors from the bedroom lead out onto a private roof terrace with the most magical views over fields across to Bath in a southerly aspect. At the far side of the house are four further bedrooms, one having an en suite shower room and there is a further family bathroom. The level lawn and patio garden faces southwest, making the most of the sun. The patio is accessed from the living room, reception hall and kitchen, creating an excellent entertaining space in any weather. Shrub and flowering borders surround the garden and a central tree provides shade in the hotter summer days.
